SENATE TO HEAR WALTON PLEA AT SCHEDULED HOUR

Walton Attorneys Told to
Enter Plea of Defendant
at 1:30 Today.

JOHNSON IS SEATED

Unmasking of Klan Measure
in Hands of Committee
Now.

(By the Associated Press)

OKLAHOMA CITY, Nov. 1.—Gov. J. C. Walton was given until 1:30 p. m. today to enter his plea to impeachment charges preferred by the house when his counsel asked for 10 days extension of time for preparation of an answer to-day. The senate court which heard the beginning of the case then recessed until 1:30 this afternoon.

Governor Walton appeared personally with his counsel to answer the impeachment charges of the house. He was represented by F. E. Riddle of Tulsa, Warren K. Snyder of Oklahoma City, H. B. Martin of Tulsa, Tom Neal of Poteau, Clara Nowlin of Oklahoma City and I. C. Sprague of Idabel.

Additional time for preparation of an answer was asked by Governor Walton's attorneys. The house managers urged trial "at the earliest possible moment" in opposing the extension of time. The governor will attempt to disqualify certain senators and quash some of the articles of impeachment it was stated by his counsel.

The court of impeachment was convened with Chief Justice Johnson of the supreme court presiding. Soon after the governor and his attorneys appeared, then followed the house board of managers who will prosecute the case. W. D. McBee, speaker of the house took his seat with the house managers.

Riddle entered the appearance of the respondent and made a plea for more time in which to prepare the executive's case. He declared Governor Walton received his first official notice of the impeachment action last Saturday.

W. E. Disney of Muskogee, chairman of the house board of managers, told the court the house wished the trial handled with as much speed as possible and that there was no reason why the governor's plea should not be entered today.

Will Hear Plea

Senator Gulager of Muskogee, a member of the court, declared that he saw no reason for the court not hearing the plea and set a date at once for the trial. J. C. Looney, senator from Seminole, then filed a written motion that the plea be heard at 1:30 p. m. tomorrow. An argument followed and Senator Charles E. McPherson of Durant introduced a substitute motion that the arraignment be at 1:30 o'clock today. The substitute prevailed.

The senate convened at 9:30 a. m. and after the second reading of Senate bill No. 3, providing for the unmasking of the Ku Klux Klan and prosecution for violation of the law was referred to the joint house and senate committee on Ku Klux investigation. The committee is composed of Senators Monk, Reed and Wells and Representatives Vernon, Harper and Saltsman.

Sensors Looney, Golobie and Gulager were named by Tom Anglin, president of the senate, to take testimony in the hearing of the Muskogee Times-Democrat bribery story case this afternoon.

The senate then recessed until 1:30 p. m. Friday and the court of impeachment was convened. The editor and Oklahoma City correspondent of the Times-Democrat will appear before the special investigating committee this afternoon for questioning regarding the publication of the article Tuesday charging an alleged effort to bribe certain senators of the senate, the senate decided in the brief session this morning.

A motion by Senator Wash Hudson of Tulsa that the two newspapers be called to testify regarding the source of their information be heard by a committee instead of the whole senate.

Governor Walton displayed on his way to the court chamber a letter from a Boston man offering him \$3,000 a week for a lecture tour of New England for six weeks or longer.

Senate court members will not have the rights of seats in the court challenged by counsel of Gov. Walton, the senate court decided this afternoon. The right of Gov. Walton to challenge seats of senate court members was questioned by the house board of managers. A resolution by Senator Hudson that the board members objections be sustained was carried by the court with only two dissenting votes.

Mischief Makers Pillage City In Hallowe'en Fun

All pranks of mischief of Ada's youthful Hallowe'en revelers failed to add materially to Ada's loss of property from the rampages of last night, Mayor W. H. Fisher stated this morning.

While organized bands of mischief makers roamed the streets and alleys until late hours last night, property owners were not confronted with scenes of destruction this morning when the debris of their pillaging became visible.

While pandemonium reigned in dark town when it was feared by several public spirited inhabitants of that section that the dusty revelers would demolish the school building, Police Chief Wick Adair straightened out the apparent mass parade of destruction and diverted the activities to lines of public safety.

Youthful revelers also piled high banks of debris, consisting of logs, chairs, porch swings and all other available means of obstruction over the streets of the city, making it difficult for motorists who happened to be sprinting along at a fast gait.

The time-worn but innocent pranks of plugging door bells and creating all sorts of spooky apparitions were inflicted on erst while peaceful citizens.

The city bustle remained empty, through the night.

COUNTERFEITERS HELD ON CHARGE

Four Men Arrested for Floating \$50,000 in Worthless Paper.

CHICAGO, Nov. 1.—A confession alleged by authorities to have been made by Edward C. Bronson, one of the four men arrested here yesterday, has strengthened the belief of detectives that they have found the original source of \$50,000 worth of counterfeit \$20 bills circulated during the past few months in Chicago, St. Louis, New York, Milwaukee, Omaha, Denver and other cities.

The men under arrest are Ralph Oldham, said to be a former park policeman, Bob Watts, alias B. E. Edwards and Francis Kettler, said to be a former hair goods dealer, and Bronson.

Search for the makers of the counterfeit notes began last June at the time of the Dempsey-Firpo fight. The spurious notes became common in New York, then again in Chicago, and shortly afterwards the trail of the distributors moved west from Chicago, operatives said.

At Kansas City Bronson said he met a cabaret dancer in whom he craved and with whom he later quarreled. Treasury officials said the confession stated. The girl visited the head of the secret service department in Kansas City and told him of the men and later came here to assist Capt. Thomas I. Porter in command of the department in Chicago. She was said to have accompanied the agents when they arrested Bronson and to have pointed him out to them. Unable to furnish bonds for \$2,500 each the men are held in jail.

Many Passengers Injured in Wreck in West Virginia

(By the Associated Press)

ORLANDO, W. Va., Nov. 1.—More than 75 passengers were injured, four seriously, when B. & O. train No. 62, a local running from Clarksburg to Richwood was derailed here today. Two coaches crowded with passengers jumped the track and rolled 40 feet into a field where they came to a stop upside down. The injured were brought to a hotel here.

Doctors and nurses from nearby towns were summoned and an emergency hospital set up in the hotel. A number of women suffered broken bones and other injuries while one small boy was hurt seriously. Practically every passenger in the coaches suffered hurts.

OIL NEWS

A phone message this afternoon from J. H. Griffith of the Lightning Ridge community, stated that the Valerius well on the Regar Floyd place, in Sec. 28-3-4 had reached a sand at 900 feet this morning. He stated that this sand showed up considerably better than the one found by those prospectors a mile north of the present well and which was finally abandoned when salt water was found. Mr. Griffith said the oil was a heavy grade.

NO ARRESTS REPORTED

Passing quiet Hallowe'en, city and county officers reported the continued laxity of crime within the realm of their activity.

So far this week both departments of law enforcement have failed to find anyone who have violated the law of the domain.

Railroads Deny Deduction

(By the Associated Press)

WASHINGTON, Nov. 1.—Railroad executives representing nearly all the trunk lines in the United States notified the Interstate Commerce Commission that they would be unable to make a voluntary reduction in their rates on grain for export suggested by President Coolidge recently.

IMPORTANT FIGURE IN RHINE REPUBLIC

Dr. Hans A. Dorten.

Dr. Hans A. Dorten is one of the leading figures in the movement to establish a republic in Rhineland, Prussia, Germany. It is believed he will be named first president if the republic becomes a reality.

Divorce Has Even Break With Dan

In the merry race for marital supremacy in Pontotoc county, Divorce, the home breaker, invaded the ranks of Dan Cupid's subjects and gained as many followers as the orange-blossomed kid annexed during the month.

Pontotoc county showed no preference between home making and home breaking and at the end of the month the records stood at a tie, fourteen seeking marriage license applications and fourteen applying during the same month for release from the ties that bind.

This is the first time in the history of Pontotoc county that the divorce has equalled in favor the marriage license permit.

In the majority of divorces asked during the month, the petition seeking severance from the bonds were instigated by women and the majority of these cases sought nothing but release from the matrimonial failure, alimony not being asked. Petitions for custody of children were few.

Chicago Announces Contributions for German Relief Aid

(By the Associated Press)

CHICAGO, Nov. 1.—A movement to raise funds for use in feeding needy German children during the coming department sponsored by the American Society of Friends (Quakers) received an impetus today with the announcement that \$120,000. Pledges for this amount were announced after a meeting arranged for by Maj. Gen. Henry T. Allen, former commander of the United States army of occupation in Germany who is directing the drive for funds. Gen. Allen said that a local organization formed in the principal cities of the country is to be the machinery for the collection of contributions.

High School to be Entertainers at Carnival Tonight

This evening the High School will have charge of the auditorium entertainment at the Chamber of Commerce carnival. Musical numbers and other features will be given. Prof. Hill is in charge of the program, which means that it will be of a high class and interesting throughout.

Among the numbers to be rendered by the band are: Muttering Frits, Manana, Activity March, Normal March and Plume March. The doors to the carnival are open at 7 o'clock. The high school treat will start at 8 o'clock.

ADA TO BE HOST OF HOME-COMERS ON GRIDIRON DAY

Plans Completed for Annual
Pilgrimage to Ada for
Gridiron Battles.

TWO GRID BATTLES

Returns of College Game
to be Broadcast
by Radio.

East Central's best in the production of gridiron material will be pitted against the invading Edmond squad when the teams take the field Friday afternoon in the greatest intercollegiate game of the season and the gala day of football for Ada.

While Ada high school claims the minor share of attention owing to the importance of the Tiger-Edmond game in the annals of 1923 football history, the high school gridsters expect to show their ability in their first appearance on the local gridiron.

College officials were preparing today to receive the horde of former students who will make the trek to Ada in the annual homecoming pilgrimage to the halls of the Almer Mater, East Central.

Special arrangements are being handled by athletic officials of the college to extend the hearty welcome to those who have long since passed from the classrooms of the institutions to spread the teachings of East Central to the corners of the East Central district.

When the Tiger squad respond to the battle call of the first whistle in the Tiger-Edmond game, all eyes of East Central's large family will be focused on the struggle for supremacy on the gridiron of the state.

Radio Broadcasting Feature

Outside of the fact that the home coming invitation has been extended over the district, the East Central-Central gridiron battle will otherwise assume importance to state followers of the game. For the first time in the history of intercollegiate football, returns from a game will be broadcast by radio in the Friday play when state fans may tune in on the play-by-play program to be announced from Park Field.

This special arrangement was made possible through the co-operation of both institutions, both bearing the expense of the experiment.

An effort is being made by those sponsoring to have as many of the stores in Ada close as possible. While the request is purely a matter of choice, sponsors believe the event should be paid due recognition by people of Ada.

The Ada High-Pauls Valley game begins promptly at 1 o'clock and the East Central-Central game following soon after its completion.

Last minute changes in the lineup of the Tiger crew is possible to secure added strength with the College crew material. The Tiger crew will not be handicapped by injured players except for Johnson, who has been out of the fray since the Weatherford game. The team has been on the grind continuously during week and will be at its best when it faces the Edmond crew Friday afternoon.

Word has come from the high school that Coach Cox has been working over his squad during the week and will have them in tip-top shape Friday. Cox was confident that his crew would receive the big end of the score Friday.

Home Wanted

A nice red-headed, freckled-faced boy, a real orphan, 14 years of age, wants a good home. This boy is polite and refined, just the kind anyone would love. Anyone interested call Mrs. Orville Sneed at 816. This boy needs clothes badly. If any boy about 14 years old has a surplus of clothing, or at least an extra coat, this boy certainly would appreciate it. He has no coat at all.

This is one very important phase of the work done by the Red Cross and United Charities of this place. This organization has been instrumental in placing 22 children in good homes this year.

APPEAL IN ELECTION CASE WILL BE FILED SOON

(By the Associated Press)

OKLAHOMA CITY, Nov. 1.—An appeal from the decision yesterday of District Judge Tom G. Chambers Sr., holding illegal the special election of October 2, will be filed in the state supreme court as soon as papers in the case can be prepared. It was announced today by George Short, attorney general. Mr. Short said the appeal may be filed late today.

There were forty-three modern school buildings in Oklahoma City in April, 1923.

Wild Women and Flowing Liquor Fails as Bait

OKLAHOMA CITY, Nov. 1.—What was expected to be a big sensation in connection with the Walton investigation will never materialize.

It dealt with a frame-up on members of the house and senate. The master mind is on the state payroll.

He arranged for a party of good-looking fast women to "date" a number of legislators at a road house on the outskirts of Oklahoma City and have the place raided about the time the booze was flowing fastest.

It was an old game but it gave all promise of proving a success. After the stage had been set the brains of the trick telephoned for an Oklahoma City policeman whose father has a job under Walton to come to the roadhouse.

It so happened that this particular policeman was not at headquarters when the inquiry was received. The inquiry,

however, left word for the officer to come to the roadhouse as soon as possible.

Thinking that the presence of an officer was probably needed at once a superior at the police headquarters sent another officer in the place. When he arrived there he found the master mind and the fast women having a pretty nice time in licking up liquor. He arrested the whole outfit.

It was not until the women were interrogated at the police headquarters that the plot was revealed. They told the whole story. When the legislators heard about the affair they asked the police to obtain sworn statements from the women. On this the women balked. They declined to tell under oath the story they told at the time of their arrest.

They got off with fines of about \$100 each.

GREEK ROYALIST LEADING REVOLT

Gen. Metaxas.

Gen. Metaxas is leading the royalist revolt in Greece against the military government of Premier Gonatas. Two thousand soldiers have joined the revolt and the mutineers and regular soldiers clashed at Chalcis.

Banana Shortage on Taboo

(By the Associated Press)

NEW ORLEANS, Nov. 1.—The alleged scarcity of bananas at America's foremost banana port will not be mentioned in New Orleans during the week beginning November 25 music directors, instructors and dealers decided yesterday. They met to discuss plans for a "music week" from November 25 to December 1 and while it was agreed it would hardly be possible to eliminate ragtime from the program, it was decided that a discussion through the sharp and flat medium would not be in order would not jibe with their plans. It was suggested and the suggestion adopted that reference to bananas be barred.

Woman Poisons Her Step-Children to Obtain Fortune

FRESNO, Calif., Nov. 1.—Desire to come into complete possession of a fortune willed to her step-children prompted Mrs. Louise Potigan to poison them, according to authorities who announced last night that Mrs. Potigan confessed administering lethal drugs which caused the death of her step daughter, Miss Margaret Potigan, 18, who died yesterday after a prolonged illness.

In her confession Mrs. Potigan is said by authorities to have declared that the decision to kill the children was reached after 42 hours of prayer.

Daily Average Oil Production Shows Increase in U. S.

(By the Associated Press)

NEW YORK, Nov. 1.—The daily average gross crude oil production of the United States increased 2,450 barrels for the week ending October 27, totaling 2,205,900 barrels, according to the weekly summary of the American Petroleum Institute. An increase of 47,000 barrels in the daily average production of the Powell field in Texas virtually was offset by decreases in other fields.

Daily average production east of the Rocky mountains was 1,146,900 barrels an increase of 21,950. California production was 801,000, a decrease of 19,500.

Oklahoma showed a daily average production of 393,700 a decrease of 5,900.

SPICY EVIDENCE IN STOKES CASE

Attorneys Expose Picture of
Pajama-Clad Woman in
Sensational Case.

(By the Associated Press)

NEW YORK, Nov. 1.—Mrs. Helen Elwood Stokes today took the witness stand in her own defense in the retrial of W. E. D. Stokes' suit for divorce.

Supreme Court Justice Mahoney who has frequently reprimanded opposing counsel when they clashed during the trial, threatened while Mrs. Stokes was testifying to declare a mistrial when Samuel Untermyer, her chief counsel, persisted in arguing against the court's rulings on objections.

After the tilt Mr. Untermyer showed his client a photograph showing her in pajamas seated on a man's shoulders. She testified that it was a picture of a girlish lark taken long before she was married, and that it was at a house party. She said she had in her album the photograph of another girl in similar position taken at the same time.

OCTOBER SETS NEW RECORD FOR RAIN

The weather record kept by Prof. MacMillan indicates that October was one of the wettest months ever observed in this part of Oklahoma, the rainfall being 11.80 inches. This brings the year up to 46.50 inches, the far above normal.

The maximum temperature for the month was 83 and the minimum 33. The high mark was registered on the first day of the month and the low one on the last.

In October, 1922, the rainfall was 1.92 and for the 10 months, 30.62 inches.

THREE MEN KILLED AS MILK TRAIN WRECK

(By the Associated Press)

PHILADELPHIA, Nov. 1.—Three men were killed today when a Reading railway train struck an open switch and plunged 25 feet to a trestle siding. The dead were all train men of Reading, Pennsylvania.

The accident occurred on a spur of the railroad running from Port Richmond to Wayne Junction.

Woman Burns in House Fire

(By the Associated Press)

MCLESTER, Nov. 1.—Trapped alone in a burning house Irene Lazarus, 26, a negro woman, was burned to death at noon today. The fire occurred in the heart of the city but there was no chance to rescue the woman who was confined to her bed by illness.

PRESERVED FRUIT PRICES DROP DURING TRADE WAR

(By the Associated Press)

SYDNEY, N. S. W.—A trade war between the Australian fruit pool controllers and the canners of California has resulted in reduced prices for preserved fruits, notably peaches, in New South Wales, New Zealand and Java. A publicity campaign here also has caused increased demand, and it is estimated that there will be little difficulty in handling next year's crop if three-quarters of the fruit is eaten at home.

One of the tallest soldiers in the American army was recently signed up by a recruiting officer in Detroit, Mich. He is Arthur Wright, height 6 feet 6 1-2 inches.

WALTON DIVERTS REMARKS TO HIT AT KLUXERS NOW

Declares Simmons Conferred
Life Membership in
Klan on Him.

SAYS REJECTED OFFER

Declares McBee and Other
Legislators Visit With
Klan Officials.

(By the Associated Press)

OKLAHOMA CITY, Nov. 1.—William Joseph Simmons, emperor of the Ku Klux, conferred a life membership upon Gov. J. C. Walton "in recognition of your constant loyalty," according to a letter to Walton dated September 10, 1923. Walton said in a statement issued today. The governor said he returned the certificate of membership.

The governor reiterated that he had never applied for membership in the Ku Klux Klan and denied the statement of Imperial Wizard Evans at Atlanta that he was a "klansman at large."

"I would rather be right and work in a ditch than to be the highest official of the invisible empire and dwell in the palace of the king," Walton declared.

He showed two alleged letters, one purporting to be that of Emperor Simmons and the other his reply to the membership offer. Governor Walton's answer was dated October 17.

Emperor Simmons' letter was written, Governor Walton said, "after members of the Klan were complained against and arrests made. The offer was characterized as 'a polite form of bribery.'"

Says Statement 'Reckless'

"Evans says that I am a member at large and then says I should be removed through the front door," the governor said. "He is reckless in his statements, to say the least. Evans also says that large sums of money were sent to Oklahoma but cannot name the amount nor the purpose for which it was used. He knows that no money can be drawn or used by Klan officers without the signature of the Imperial Wizard. The people of Oklahoma should petition the Imperial Wizard at Atlanta to file a full and detailed statement under oath showing the amount and manner in which this money was used."

"Is there a fair minded man who is not a klansman who does not believe that McBee and other leaders of the house have taken orders from Atlanta and from Jewett, grand dragon of Oklahoma? If this is not true why do they not come out in the open and tell the reason for paying frequent visits to the Klan officials and why high Klan officials from outside the state are also frequent visitors without being questioned about the purpose of their visits? It is a Klan conspiracy with special interests against the interests of the farmers and labor classes."

The governor declared the allegation by the Imperial Wizard that he applied for membership in the Klan was "an insulting falsehood."

Judge Humphries Denies Two Counts Against Klansmen

(By the Associated Press)

ATLANTA, Nov. 1.—Judge John H. Humphries today denied the petition of David M. Rittenhouse et al for the appointment of a receiver for the Ku Klux Klan. At the same time he denied the petition for an injunction to prevent the distribution of Klan funds until the next Klansman.

The petition for the receivership was denied on the ground that the evidence did not justify the appointment of a receiver and the injunction because "there was no immediate positive alleged act to be enjoined."

ARTIC EXPLORER SAYS INDIAN AND ESKIMO ARE SAME RACE

(By the Associated Press)

COPENHAGEN, Nov. 1.—The Norwegian arctic explorer, Christian Leden, has returned from Greenland bringing back a remarkable ethnographic and zoological collection for the Peabody Museum in Brooklyn, New York.

Leden believes that he has conclusively proved that Eskimos and Indians are an identical race. He arrived at this conclusion through the similarity of music.

LIGHTS WILL WARN OF COMING STORMS

(By the Associated Press)

STOCKHOLM—Sweden is about to equip its shores with a novelty in the way of storm warnings, pillars of fire readily visible at night from the sea to tell mariners of approaching storms. Strategic points on both the east and west coasts will be selected for the lights, and the new service will be particularly valuable to vessels not provided with radio.

SOONERS EXPECT KANSAS VICTORY

Oklahoma Aggie Game Used as Example of Strength for Jayhawk Fray.

NORMAN, Nov. 1.—(Special).—The Sooners victory over the Oklahoma Aggies, in which the Aggies were decisively beaten in all phases of the game except passing, and the Sooners did not attempt this game, spurs Oklahoma on for another victory this week over the visiting Kansas Jayhawks.

The Kansas come down for the Sooner Homecoming and never in athletic history of Soonerland has Oklahoma lost its Homecoming contest. Kansas carried home defeat in 1920 and 1921 on Sooner Homecomings and Missouri felt such a sting last year while in 1919, Missouri tied the Sooners.

The Oklahoma Aggies were beaten by Kansas 5 to 0 the same week Oklahoma was getting trounced 24 to 0 by Nebraska. The next week, Kansas tied Nebraska 0 to 0 and a week later, the Aggies with a two touchdown edge from comparative scores, visited Norman for a 12 to 0 defeat. These scores give the dopests something to figure on since both Kansas and Oklahoma can claim the dope.

The Sooners escaped the Aggie contests Saturday without serious injuries. There will be no injuries to mar the front of Oklahoma for the Saturday game and Josie Hickman, best Sooner end, who was out last week from illness, will return to the lineup for the Jayhawks.

It will be the Sooners fourth game, midseason, and the Sooners have gathered strength and wisdom as the season has progressed. Kansas has emerged from two tie games and in both she was extended to her utmost to stave off defeat. The Sooner scout at the Kansas-Kansas Aggie game reported that thrice the Aggies were in scoring distance and that the Hawks fought defensively throughout.

The Sooners never opened up with their aerial work against the Oklahoma Aggie. But three lone passes were attempted in the first few minutes of the game, and from then, straight old line plunging football was resorted to and against the great Aggie defense, the Sooners ploughed through for 239 yards in scrimmage compared to 41 of the Aggies.

Early ticket sales for the Homecoming game indicates one of the largest crowds in history will attend. All but alumni reserved sections were sold out Monday, a week before the game.

It is believed in Soonerland that barring accident, the Sooners regulars have been found. The backfield is assured in Captain Hammert and Hendricks, halfbacks; Johnson, quarterback, and Bristow, fullback. These men have understudies who are capable of carrying on without materially weakening the offense or defense. Two full sets of lines are available and three men are capable of holding some places.

The Sooners were never fitter for their homecoming contest and two preceding victories spur them on to greater effort against Kansas.

Past Results, Oklahoma-Kansas Football Games.

1903	Oklahoma 5, Kansas 17.
1904	Oklahoma 0, Kansas 16.
1905	Oklahoma 0, Kansas 35.
1906	Oklahoma 4, Kansas 29.
1907	Oklahoma 0, Kansas 15.
1908	Oklahoma 0, Kansas 12.
1909	Oklahoma 0, Kansas 12.
1910	Oklahoma 0, Kansas 12.
1911	Oklahoma 3, Kansas 0.
1912	Oklahoma 6, Kansas 5.
1913	Oklahoma 21, Kansas 7.
1914	Oklahoma 16, Kansas 16.
1915	Oklahoma 23, Kansas 14.
1916	Oklahoma 13, Kansas 21.
1917	Oklahoma 6, Kansas 13.
1918	Oklahoma 33, Kansas 0.
1919	Oklahoma 0, Kansas 0.
1920	Oklahoma 21, Kansas 9.
1921	Oklahoma 21, Kansas 7.
1922	Oklahoma 3, Kansas 19.

BEBEE

Speaking Friday night was well attended. J. W. Hood went to Ada Sunday.

Opal Mole from Summers Chapel, was in Bebee Monday.

Mr. and Mrs. Curtis Wells of Ada are visiting his parents, G. W. Wells and family.

S. F. Johnson was in Bebee Saturday.

Mr. and Mrs. Willis Haggard spent Friday night with the latters, sister Mrs. May Crane.

Mrs. Harry Bell and daughter Virginia of Wichita, Kan., and her mother Mrs. Pugh are visiting relatives at Sulphur.

Wylie Crane and family and Willie Haggard and wife spent Saturday night with Mrs. A. L. Rose of Ada.

Mrs. M. A. Humphreys was in Bebee shopping Thursday evening.

Willie Bethel of Ada visited his parents, H. H. Bethel and family Thursday.

Earl Johnson was in Bebee Friday evening.

Mrs. Harry Bell and daughter Virginia visited in the Rollins home Wednesday.

Argie Robbins and Lula See visited Stella Roberts Friday evening.

M. F. Standridge and Edd Steele were in Bebee Monday.

Mart Roberts and wife were in Bebee Saturday.

Lots and Gladys Rollins spent Sunday with their Aunt Mrs. G. W. Wells.

Wylie Crane and Willie Haggard made a business trip to Ada Monday.

Lewis Parker was in Bebee Monday.

WHEN ANDERSONS FAIL TO APPEAR, FAREWELL TEAM

There may be nothing in a name to most folk but to Illinois Wesleyan University there's something in the name of Anderson—about half their football team. Four players and the manager all answer to that name. Earl, of Elbert, Ind., plays guard. Ross, of Fairbury, Ill., plays end. Lyle, of St. Paul, is a tackle, and Carl, from Sibley, Ill., manages the team. Wesleyan had a clean slate for the season when the photos of the quintet were taken. From top to bottom the five Andersons are Harold, Ross, Earl, Lyle and Manager Carl.

ONWARD

The Onward school board, N. A. Carter, Walter Comstock and G. D. Sherrell are very progressive, making every possible effort to advance educational interests. They have just had the school building remodeled. The new primary room complete in every detail. The library cases is something nice. The blinds and seats as well as other new equipment are appreciated. In fact every bit of the \$2,000 just invested has been well spent.

School began Oct. 15 with Misses Nannie Barnes and Vera Campbell as teachers.

Some of children were not permitted to enter on account of cotton picking but each one enrolled shows his determination to succeed.

Here also is to be found an interesting Sunday School and we hope to have a large attendance every Sunday.

Those who have visited school during the past two weeks are: Mr. Carter, Walter Comstock, Mrs. Comstock, Mr. Jones, Mr. and Mrs. Pitts, Charley Carter, Oran Lynch, Mr. Mobley, and Alma Jones all of this community and Willie Campbell of Lulu. We hope to see others who are interested in the school soon.

American Theatre COMING MONDAY

HILL

SURE IT DOES GOOD

Theford's Black-Draught Liver Medicine (Vegetable) Praised by the Head of a Louisiana Family.

Lake Charles, La.—"I don't know what we would have done had we not had Black-Draught. It sure is one of the best medicines made, and am sure the best liver medicine," said Mr. Henry Garrett, of this city.

"My whole family uses it," continued Mr. Garrett. "My wife says she believes she kept off the 'flu' by taking doses of Black-Draught regularly."

"I, myself, use Black-Draught for indigestion, and it is fine."

"We used pills and tablets and other laxatives, but they never seemed to do us good, but the Black-Draught sure has, and it has come to our house to stay. We give it to our daughter for headache and torpid liver."

"I am glad to recommend anything that has been the help to my family that Black-Draught has."

"My present health is good. Have two boxes of Black-Draught in the house now."

"If your liver gets out of fix, take Black-Draught. It will help to drive the bile poisons and other unhealthful matters out of your system."

Sold everywhere. NC-148

AGGIES PREPARE FOR HOME GAMES

Four Consecutive Games to be Played at Home Gridiron.

STILLWATER, Nov. 1.—(Special).—Four consecutive at-home grid games face the Oklahoma Aggies.

Saturday Phillips university will come to Stillwater to be followed in coming weeks by Central State Teachers' college, Southern Methodist University and Creighton university. The final game of the year, Thanksgiving day, will be with Arkansas university at Fort Smith.

Oklahoma A. and M. college fans are eager to see their favorites in action on Lewis field. Only one of the five games played this season Christian university meeting the Aggies at Stillwater October 6, in the second game.

Opening the season, the Aggies invaded Iowa City, to play the championship Iowa university eleven 4 to 20 game, September 29. The second A. and M. trip was to Lawrence, where the Kansas Jayhawks won 9 to 0. Then Coach Johnny Maubetsch took his men into Texas, defeating Rice Institute, at Houston, 13 to 0, October 20. Last Saturday, the fourth journey took the Stillwater college squad into Sooner

land to lose to Oklahoma university by 6 to 12.

The 1923 schedule at A. and M. has been unusual in two ways. Although five games were scheduled at home and as many away, the foreign scraps were grouped in early season. In point of strength of opposing eleven, the season was reversed, the hardest eleven coming in the early battles.

Phillips, next Aggie land invader has won two and lost two games this fall. Coach McIntyre's team lost to Texas university and Southwestern State Teachers' college, winning from Fairmount college and Northwestern State Teachers' college.

AVIATORS WILL MAKE PICTURE OF ACTIVE VOLCANO IN HAWAII

(By the Associated Press)

HONOLULU, T. H. Nov. 1.—Attempts to take aerial photographs and observations of gas and heat directly above the continuously active five-pit of Halemaumau in the volcano of Kilauea on the island of Hawaii, will be made by army aviators in the near future, it has been announced by headquarters of the Hawaiian Department.

This, it is believed, will be the first time in history that airplanes will be used for the purpose. The photographs and observations will be used by scientists.

Work will be started immediately on a landing field and airdrome at the Hawaii National Park, which includes the volcano. The air survey of the volcano will consume several months. The aviators also will photograph Hilo harbor and other strategic points on the island.

TEACHERS PROBLEMS UP FOR STUDY AT SCHOOL

STILLWATER, Okla., Oct. 31.—To study teacher's problems, from living on an inadequate income to getting along with parents, is one of the aims of a student club recently added to the host of similar organizations at Stillwater, the A. and M. college of Oklahoma. Members of this newest club consist of first-year students enrolled in the school of education. They are sponsored in their research work by members of the faculty of the school, lead by Dean H. P. Patterson and Prof. Kathryn M. Long.

"Our club is expecting to do important work in studying the profession of education, teaching," said C. W. Hunnicutt, of Kefeton, who was elected president of the club at its last meeting.

Of Course You Will

—have your picture taken this year for Christmas. Fix your personality, your "likeness" while you may. Later, a hundred and one things may interfere, if you put it off. Then too, you get a nice one free if you come NOW.

"Our secondary aim is to bring freshman students in education into a close social relationship on the campus."

The vice president of the club is James Schacher, of Stillwater. Miss Willa Hand, of Lamont, is secretary, and Miss Faye Griffin, of Cherokee, is treasurer.

A small speed torpedo boat which will go 40 miles per hour is being introduced into the Navy.

HERE IS THE Radio Set FOR YOU

The summer "static" is disappearing and months of good radio weather are ahead. If you want a loud speaker set, with which to bring the best of orchestra music, sermons, lectures, dance music and other entertainment into your home, or your place of business, this is the set for you.

Or, by a slight adjustment, the volume can be reduced for a quiet evening with the receivers, which which you may tour the country from coast to coast.

In appearance this set is equal to the most expensive, and will grace the most elegant parlor. It must be seen to be appreciated.

Everything is included—antenna, masts, loud speaker, batteries, receivers, battery charger, etc., and the set will be installed for you with a guarantee to please.

The price makes this superior set a great bargain.

The Third Milestone

Today is our birthday. Three years of service are behind us, and we stand today on the threshold of the fourth.

A bank is necessarily an institution of service to the community in which it is situated. Have you ever paused a moment to consider its purposes?

It affords a place of safe-keeping for the monies of its depositors, enabling them to feel secure in their possessions; holding them subject to their orders.

By massing the finances of a community, it extends such credit to commercial and agricultural enter-

prise as the proposition may warrant and it resources permit.

It is the connecting financial link between the community and the outside world.

It offers a conservative return to the investor in the payment of interest on time deposits.

That this bank has served this community well, we feel is evidenced by its steady growth as shown by the three statements submitted below. What ever measure of success we may attain, we will attribute it to the confidence placed in us by those whom we serve—our customers.

MANY IDEAS ON RUSSIAN SOVIET

Russian Observers Primed With Many Divergent Opinions.

(By the Associated Press)
 MOSCOW, Nov. 1.—Soviet Russia has been so full of American visitors, commercially, politically and artistically inclined, during the past summer that more versions of the "truth about Russia" are likely to be aired in the United States during the coming winter than ever before.

Divergent views have been expressed here, and views equally divergent will be carried away. Some of the American visitors who talked only with disgruntled business men, or whose own pet schemes went awry because of some government code designed to prevent exploitation and profiteering, probably will call Russia all sorts of names and paint the country as a huge Bolshevik viper waiting to sink its Marxian fangs into the world.

Visitors artistically inclined found painting, music, the drama, and the ballet in Moscow better than anywhere in the world, and these impressions will color all they have to tell their friends.

Many others found the Soviet government firmly planted on strong feet, with no evidences in

ALFRED VADEN HOME IS SCENE OF HALLOWEEN PARTY

The home of Mr. and Mrs. Alfred Vaden, North Mississippi, was beautifully decorated in colors for a Halloween party Wednesday night when six couples were present to enjoy the hospitality of their home. After an hour of real enjoyment, refreshments of sandwiches, cake and apple cider was served to the following guests: Mr. and Mrs. Guy Fuller, Mr. and Mrs. Roy Meek, Mr. and Mrs. Audrey Duncan, Mr. Mrs. Milton Johnson, Mr. and Mrs. R. D. Renick and Mr. and Mrs. Hicks Smith.

TEA ROOM AFFORDS MANY PLEASURES TO PATRONS.

Have you visited the Tea Rooms at the Chamber of Commerce Carnival? If you have not you have missed seeing beautiful decorations of unique designs carrying the spirit of the Halloween season and being served by the daintiest of maidens wearing caps and aprons of pumpkins and wise old owls.

The good things that the ladies have been serving under the management of Mrs. C. J. Skirvin, Mrs. C. V. Gowing and Mrs. L. P. Sandtich, have been real treats to the patrons and has made the tea rooms a popular place for the revelers.

MANY ATTEND HALLOWEEN BALL AT CARNIVAL

Old king Jazz victim to the Halloween spirit in the midst of revelry at the convention hall last night and held sway during the evening in the special Halloween Ball under the sponsorship of the chamber of commerce and the direction of Mrs. I. M. King.

With the basement of the Convention Hall bedecked in the raiment of Halloween decorations, dancers fell in the sway of syncretized selections of the local jazz orchestra and continued the festivities until midnight.

Special interpretative dances by Miss Marjorie Norris and Miss Ethel James Bird were featured in intermissions.

The dance was well attended and well sponsored.

The Halloween Ball was preceded by a vaudeville in the auditorium of the Convention Hall.

Halloween Party

Tuesday night, Mrs. Dan Newton and Mrs. J. U. Criswell entertained their daughters Joy Newton and Floreta Criswell. They were assisted by Misses Arlie McCarley and Leota Jones. The house was decorated in black and orange. Ghosts, owls, black cats and other spooky things were found everywhere.

Games, songs and readings were given as entertainment along with the things that belong to Halloween. Apples were found in pans of water and "Apple Bobbing" got going.

Delicious taffy was served to the following: Lilly Davis, Find Archer, Lucy Anderson, Bernice Newton, Angelyn Anderson, Ruth Pool, Hattie Jones, Jerline Pool, Pauline Van Curen, Opal Aycock, Floy Main er, Ola Seawell, Gillet Massey, Reba Mallory, Josephine White, Harriet D. Combs, Christeen Thomas, Lucile Emerson, Ila May Cobb, Mary Flois Green, Pauline Swinford, Wanda Mallory, Mary McKinley, Aileen Newton and Mrs. Albert Chamber Worren, Craig and Coleman Van Curen, Harold Criswell, Rea Chamberland, Wylie Brown, James Horace Hunter, Trouper Shaw, Shipman Bullard, Pollat Mainer, Richard Couch, Phil Anderson, Charles and Edwin Drummond, Ray Thomas and Banker Pool.

sight of an overthrow, while not a few were impressed by the great size of the country and its future possibilities.

The finding of the needle in the haystack would be simplicity itself compared to reaching unanimity of opinion about the desirability and undesirable traits of Russian Bolshevism.

BIBLE THOUGHT FOR TODAY

THE GOODNESS OF GOD:—Thou openest thine hand, and satisfiest the desire of every living thing.—Psalm 145:16.

CUT TO THE BONE.

Speaker W. D. McBee of the lower house of the Oklahoma legislature is quoted as saying several commissions connected with the state government will be abolished. Already Acting Governor Trapp has lopped off several employees of the highway department. It is also rumored that Dr. A. E. Davenport of the health department and Paul Nesbit of the highway department will be asked to resign.

While we do not know what particular objections there are to Davenport and Nesbit, comment has been rife that these two departments have been overmanned and scores of useless employees have been drawing pay from the funds. If these commissioners have approved claims for useless employees, their usefulness has passed. Regardless of the pressure that is brought to bear from above, the right kind of official will refuse to spend the state's money without getting value received in return. In other words, no man is a good official who will spend the public's money more freely than he would spend his own, were he conducting his own private business.

We hope that the legislature will go to the bottom of things and that Acting Governor Trapp, and particularly after he has become actual governor, will see that the state's money is not wasted. Every one knows there is room for improvement.

Hereafter it will be up to Democratic party to put forward its strongest men in Oklahoma for some caught the habit of scratching the ticket last year and can never again be relied upon to stamp under the rooster as they had always done prior to that time. Missouri was once as solidly Democratic as Oklahoma but when people once began to scratch their tickets Missouri became a very doubtful state and has switched backward and forward from one party to the other. Kansas, Nebraska and some of the other western states were Republican strongholds but now the Democrats always have a fair chance to win. In Nebraska last year the Democrats elected their governor by 50,000 and lost their senator by about the same vote. One thing that will add to the uncertainty in Oklahoma will be the socialist vote. If this switches from one party to the other as it did in 1920 and 1922 it will cause some guessing. Hereafter it is up to the Democrats to use judgment in their nominations and put forward men whose character and ability will stand the severest test.

The difference between tact and direct action was recently exhibited in the manner by which the new government heads of Spain and Italy went about getting rid of leeches on the government pay roll. In Spain the premier issued orders that every man in the employ of the state must work five hours a day. Many had never been in the offices they were supposed to fill and others held several appointments drawing salaries for all. This rule proved effective in getting rid of a lot of useless material and the manner in which it was accomplished set the country laughing. In Italy Mussolini simply fired a bunch out of hand and now they are trying to pose as martyrs.

The Bible story of Samson pulling the temple down on the heads of the Philistines and himself is not the only case of the kind in history. We see it re-enacted on a smaller scale every day when a member of a family brings disgrace of financial ruin on all nearest to him or in the business world where one wreckless or dishonest plunger wrecks hundreds of others. The only difference is that Samson slew his enemies when he pulled the temple down while in the case of the family or business associates it is the innocent who suffer along with the guilty one. While family ties exist no way will be found to prevent the innocent from suffering from the acts of an erring member.

If, as Aldrich Blake is quoted as saying, a majority of the pardons and paroles issued by Walton were on the recommendation of the trial judges and county attorneys, it is not very creditable to the judiciary of the state. We see no use in spending time and money in prosecuting violators of the law if the officials entrusted with the enforcement of the law are to help them get out of their scrapes as fast as they get in. Perhaps the legislative investigation will bring out some facts about this statement.

Jack Walton is now a full fledged editor. His daily paper having made its bow a day or two ago. It is devoted to just one subject, the Ku Klux, and steers clear of the charges pending against Walton. Granting that all Walton says about the Klan is true we fail to see what that has to do with his guilt or innocence. The fact that some fellow may be meaner than one on trial is no defense that any court would recognize.

If the ghosts and witches enjoy foul weather in which to sport at Halloween they must have had a riotously big time last night.

CHEAP FUEL
(Ardmoreite)
Edison predicts that we are close to the day when coal instead of being shipped to consumers at great transportation cost and effort will be converted into electricity at the mines.

The coal would run big engines, which in turn would operate generators of current to be sent over high-tension wires to a country on an electrical basis. That would make life easier—simply turning the switch for cooking and heating. Not so easy, really to get such a system into operation at a price that would put the coal dealer out of business. A different solution of the coal problem was predicted recently by Floyd W. Parsons, making a speech to gas manufacturers. Parsons thinks this: "Eventually every ton of coal mined in the United States will have all heat units converted into gas, which will be distributed through pipes to homes, mills and factories."

We may pass through a Gas Age before we reach the electric Age. Already there are more than nine million gas meters (perpetual motion machines, according to Rodger Doan) in America. In the last 12 months, gas companies added 400,000 customers to their books.

There is a difference of opinion as to whether coal at the mines should be converted into gas or electricity. But it's almost unanimously agreed by economists and other experts, that shipment of coal to consumers is too costly. A startling change is coming here. Our generation may live to see it.

TRAVELLING INSPECTOR FOR POSTAL HIGHWAY

ELK CITY, Okla., Oct. 30.—A travelling manager for the western division of the Postal Highways, who will inspect at least once a month that portion of the route, was authorized at the Postal Highways reorganization meeting here recently. The travelling manager would also act as a secretary, it was decided.

Each town along the highway route will hereafter be represented by a director. Delegates were selected from twenty Oklahoma and Texas towns, each delegate being pledged to select a director from his municipality. Towns which will be represented include Groom, Alen-reed and McLean, Texas; Shamrock, Texola, Erick, Sayre, Elk City, Canute, Foss, Clinton, Weatherford, Hydro, Bridgeport, Geary, El Reno, Calumet, Yukon and Oklahoma City.

An attempt to empower these directors with the selection of an assessment committee, which would establish an assessment for each postal highway town for support of the highway failed when it was brought before the meeting for passage. The delegates, however, were not adverse to considering the assessment question at all after meeting and the sense of the reorganization meeting was recorded as favoring a board of directors session at which the assessment problem would be discussed.

H. C. Powell of Elk City, who acted as chairman of the meeting pending its reorganization, was chosen president and L. A. Holmes of Geary was placed in the office of secretary-treasurer. The travelling manager is to be selected later. Secretary Holmes is understood to be under consideration of the board of directors for the travelling manager's position.

MEASURE AIMS AT BREAK WITH CHURCH

Calcutta.—The Indian church measure, which provides that India, Burma and Ceylon follow the examples of Canada, Australia and South Africa in breaking off from the Church of England and establishing a national Indian church, has involved both clergy and laity in a voluminous newspaper controversy, and threatens to result in a schism among Anglican religious communities.

The movement advocating a national church in India has been increasing gradually since 1912, when a representative gathering of the Anglican denomination in India expressed a desire that the church in India should have full synodical government. The present proposed measure, which would free the Indian church from the control of Canterbury, is advocated by the bishops in India, and by the clergy generally, but is meeting with intense opposition from many of the English laity.

Those opposed to the measure hold that the English forms of worship, and the English prayer book, are essential to the welfare of the church, and fear that an Indian church, under Indian control, would break away from the English traditions, in respect to both doctrine and ritual. British residents in India, it is further contended, would be unable to find a national Indian church congenial to their interests.

HAIR FELL OUT FROM TETTER

In Pimples On Face and Scalp. Cuticura Healed.

"Tetter broke out in pimples on my face and scalp. It itched and burned causing me to scratch, and when I scratched sore eruptions formed. My face was disfigured, and my hair became lifeless and dry and fell out. The trouble lasted nearly three years."

"I used other remedies but got little relief. I began using Cuticura Soap and Ointment and could see a great change in a few days. I continued using them and now I am healed." (Signed) Mrs. Jas. F. Henry, Louisville, Tenn.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum.

Sample Free by Mail. Address: "Cuticura Laboratories, Dept. 2, Station 40, P. O. Box 107, Freeport, N. Y."

GOLD MOUSE STORY PROBED BY BRITISH

COLOGNE, Nov. 1.—British officers and soldiers of the forces occupying this city never tire of visiting its majestic cathedral. A life size mouse of solid gold under an inverted crystal bowl set upon a marble table in one of the chapels invariably causes much curiosity and inquiries as to the cause of the little golden rodent's presence are frequent.

It is told that some hundreds of years ago the cathedral was infested with mice which were responsible for much damage to the paintings, sacerdotal costumes and other costly silk and cloth ornaments. All effort to rid the cathedral of the plague had proved failures until some one suggested that the presence of a mouse of gold as a permanent fixture would prove effective in frightening the live ones away. The legend says that the remedy was successful.

"Do you really believe such was the case" a ranking British officer asked of the old sexton the other day.

With a sad smile the latter replied:

"Hardly; otherwise, I am certain we should have found enough of the precious metal in Germany to set up a gold statue of a British soldier somewhere in Cologne."

GOOD SOAP FOR TWO CENTS A POUND

Make It At Home By This Easy Process—Takes Less Than 30 Minutes.

Nowadays, more and more women are doing as their mothers did and are making their own soap. If you have never tried it, you will be surprised to see how easy it is to make good soap, soft soap, hard soap or floating soap, just by using kitchen scraps and waste grease together with a can of Merry War Lye, the safe and sure soapmaker.

In the old days when soap was made by the boiling process it took nearly all day to make a kettle of soap. Now it is hardly any work at all—requires no boiling—takes less than 30 minutes. Saves you money and gives you all the pure, clean soap you need for kitchen, laundry and all household purposes.

You will find simple directions for soap-making on the label of every can of Merry War Lye.

Merry War Powdered Lye comes in a convenient can with revolving sifting top that cannot come off, cannot get lost, releases tightly and preserves contents. It is economical to buy and easy to use.

MERRY WAR POWDERED LYE

"Makes Mighty Good Soap"

DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water

LODGES

I. O. O. F.—Ada Lodge No. 146, regular meeting every Thursday.—Ben Wilkerson, N. G., H. C. Evans, Sec'y.

Ada Chapter No. 78 O. E. S. meets second and fourth Thursday nights in each month.—Margaret Crawford, W. M., Cora E. McKeel, Secretary.

KNIGHTS OF PYTHIAS—Magnolia Lodge No. 145, meets very Tuesday night. Visiting knights cordially invited.—C. A. Cummings, Chancellor Commander; S. M. Shaw Jr., K. of R. S.

K. T. M.—Ada Commandery No. 26, Knights Templar Masons meets the third Friday night of each month.—J. C. DEEVER, E. C., F. C. Sims, Secretary.

A. F. & A. M.—Regular meeting of Ada Lodge No. 119, Monday night on or before the full moon in each month.—M. O. Matthews, W. M., F. C. Sims, secretary.

R. A. M.—Ada Chapter No. 26, Royal Arch Masons, meets the second Tuesday night in each month.—W. P. LEE, High Priest, F. C. Sims, Secretary.

before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.

Economics in Berlin

(By the Associated Press)

BERLIN, Nov. 1.—Police officials here have fixed the price of a ride on a Berlin street car as equal to the amount one pays to have his shoes shined. On Oct. 1 this was 4,500,000 marks.

Gregon, Washington and British Columbia shipped nearly 2,000,000,000 feet of lumber during the first even months of 1923.

Ponca City—Oil well producing from three sands attracts oil men. Okmulgee—Construction of another bridge across Deep Fork river to begin soon.

Snyder—Southwestern Light and Power Company now operating former municipal plant, to extend high lines.

NEW GRIFFITH FILM "BIG" IN SIMPLICITY

Mob and Spectacle Scenes Forsaken In "The White Rose" For Characterization

Probably the most delightfully artistic and by far the greatest heart-appealing story yet to come from that master of the motion picture, D. W. Griffith, is the newest offering, "The White Rose," a United Artists Corporation release coming to the McSwain theatre Monday.

It tells a story old in theme, simple and direct, but in such a manner as to make it possible the one "big" out-standing picture production of the present season. Mr. Griffith has forsaken mobs and huge ensembles for direct and careful characterization in this new screen offering and has succeeded to such a degree that experts predict he again has shown the way for better pictures in the future.

The tale has to do with an orphan girl and a young divinity student who meet when the latter is making a walking tour to learn of the world and its ways. What transpires results in a denouement of compelling power and tender beauty.

Griffith journeyed with his company to the famous Bayou Teche country of western Louisiana for his scenes and they are recognized as the most striking charming yet shown on any screen.

Mae Marsh, after a long absence from the screen, returns with the most notable effort of her remarkable career. Her characterization of the orphan girl will long stand as one of the great things in the way of screen acting. Ivor Novello, a handsome young English actor, has won immediate recognition as the young preacher in this new story. Carol Dempster, so popular in several previous Griffith successes, essays the part of a girl of high Southern family and as only one of her distinguished refinement and intelligence might. Critical reviewers declare it the finest thing she has yet done. Neil Hamilton, a newcomer to the screen, is now heralded as a "Griffith find" as a result of his characterization of the lowly grocery boy who makes a name for himself. Porter Strong and Lucille La Verne, without equals in the portrayal of delightful negro types, are happily cast as the dusky lovers and afford no end of merriment for the audiences. Others in the cast are Kate Bruce, Jane Thomas, Charles Emmett Mack, Erville Alderson, Herbert Sutch, Joseph Burke and the real Southern dandies and other supernumeraries are a positive delight in their naturalness.

HEALTH AUTHORITIES CHASE MOSQUITOES FROM PHILIPPINES

(By the Associated Press) MANILA, Nov. 1.—The Philippines department of health and the Rockefeller Foundation will soon start a campaign to rid the islands of mosquitoes which have become numerous and because of their continued presence in many homes, dangerous.

The department of health has issued a warning to the people to fight the "residential" mosquito as they would a bitter enemy. The insect is blamed for the frequent occurrence of dengue fever.

Switzerland is divided into 22 states or Cantons as they are called there.

California To Revive Thoroughbred Racing After Many Years Lapse

(By the Associated Press) SAN FRANCISCO, Nov. 1.—More than 500 thoroughbreds are here for the opening of the new Tanforan race track on November 3, when horse racing will be revived in California after a lapse of seventeen years, according to John D. Stelling, secretary of the Pacific Coast Jockey Club. Tanforan is known as the "betless track." The officials of the Pacific Coast Jockey Club announce there will be no betting at Tanforan, "either inside or out."

The Tanforan plant, valued at \$1,000,000 will accommodate 600 horses and more than 50,000 spectators are expected for the opening day.

Tanforan's racing season will cover twenty-five days, with six races each day from November 3 to December 1, Sundays excepted. Nine stake events have been announced, seven having \$2,000 purse and two having \$3,000 purses. Purses of not less than \$800 will be offered for each of the other races, the management has announced.

Horses from New York, Kentucky, Michigan, West Virginia, Wyoming, Washington, Colorado, California, and Nevada are here to participate in the twenty-five day meet. Morvich, Chatterton, Bon Homme, Prince Tii Tii, War Cry and a host of other famed thoroughbreds are having daily tryouts on the new track.

While officials of the Pacific Coast Jockey Club have announced that no betting will be permitted at Tanforan, no plan has been announced telling how gambling will be prevented. Rudolph Spreckels, vice president of the club, stated that a "well defined plan has been prepared which will prevent betting on horses at Tanforan." This plan

Mr. Spreckels said, will apply "either inside or out of the Tanforan track."

The directors of the Pacific Coast Jockey Club are: C. K. G. Billings, Thomas Fortune Ryan, A. King Macomber, A. B. Spreckels, Rudolph Spreckels, Frank J. Kelley and Harbert Fleishhacker.

The nine stake events scheduled for the racing season, will be run as follows:

November 3. Inaugural Handicap 1 1-16 miles, for three-year-olds and over. Purse, \$2,000.

November 7. Debutante Stakes, six furlongs, two-year-olds. Purse \$2,000.

November 10. Derby Trial, one mile, three-year-olds. Purse, \$2,000.

November 14. Eclipse Selling Stakes, six furlongs, for three year-olds and over. Purse \$2,000.

November 17. Tanforan Handicap, Handicap, 1 1-8 miles, for three-year-olds and over. Purse, \$2,000.

November 24. California Derby, 1 1-2 miles for three-year-olds. Purse, \$3,000.

November 29. Spreckels' Handicap, 1 1-4 miles for three-year-olds and over. Purse, \$3,000.

December 1. Speed Handicap, six furlongs, all ages. Purse, \$2,000.

Entries for the Inaugural Handicap, November 3, include: Morvich, owned by Benjamin Block, New York; All Over, Oak Ridge Stable New York; Treasure and Victoire, owned by R. L. Baker, Kentucky; Tailor Maid, owned by G. W. Atkinson, Michigan; Marine Corps Tri-state Stable, West Virginia, and horses from owners in Colorado, Wyoming, Washington, California and Nevada. Thirtysix horses are entered in this race, with forty-two twenty-one and thirty-two entered in the November 7, 10 and 14 races respectively.

McCLOUD JACKSON

Mr. Williams Jennings McCloud of Oklahoma City and Miss Gladys Opal Jackson were married Thursday afternoon at 2 o'clock at the home of Mr. and Mrs. W. B. House, 1010 East 9th street, Rev. J. H. Ball performing the ceremony. They left on the north Frisco for Oklahoma City where they will make their home. The bride is a sister to Mrs. House.

Christmas Greeting Cards.

It is not too early to get your Christmas greeting cards, get them addressed and ready for the mails.

The News Printery has just received a supply of the choicest cards. These are beautifully engraved and come with envelopes to match. Your name can be printed on the cards or you can use them without the name.

Come in and look at these beautiful inexpensive remembrances. THE NEWS PRINTERY North Broadway

FRANCIS.

The Richey building is completed and the Doctor has moved his stock of drugs into it and is now ready for business. This building is one of the best buildings in town and the stock is one of the most complete and up to date drug stocks in Francis.

It is reported that A. Doner, in the near future, will erect a large concrete building on the lots east of Wm. H. Powell's store. If he does it will almost fill up that block on the north side of West Main street.

Otto Doner and Eural Miller have bought the Princess theatre from Joe Toebe and now are engaged in readjusting the machinery to start the show again very soon.

The drilling machinery for the oil well on section 19 is here and the driller will soon haul it out, set it in place and begin drilling.

Luther Hembree is now putting in the machinery in the Wright building on East Main for the establishment of a laundry. This has been a long felt want in Francis and we are sure that if Mr. Hembree makes a success of this the people will give him a first class patronage.

The rains for the last four or five days have stopped all work on the farms. A large part of the cotton and peanuts are yet to gather and everybody is needing sun shine so these crops can be gathered before the cold weather.

The heavy rain last night and the mercury falling by leaps has caused everybody in town to shiver. Coal, wood and stoves are the order of the day and our hardware merchants are enjoying a lucrative business.

Since the Frisco tracks have been repaired we hope to see the News more regular and other business get back to normal.

TYROLA

Rain! Rain! has been falling for several days and nights and then was followed by a freeze. Almost all of the cotton is out in

MAIN STREET

BY V. L. E.

There are fortunes in waste paper, the economists say. That's where many German fortunes.

What will suspender makers do for a living now.

We pay more attention to the girls that pass than the laws that are passed.

Some people feel cheated unless the list of victims contains a few of their friends.

At twenty you blush when a man praises you; at thirty you think he is a clever fellow; at forty you wonder what he wants.

And when a girl wears overalls, she does put it over all if any.

A man's affections are never stolen when placed where they belong.

A pullman porter killed a train robber. Jealousy is a terrible thing.

After a man retires there isn't much to occupy his mind except whether to die or diet.

Judging by the popularity of the late novels, there are plenty of people who like mush.

This is a funny country. A man deliberately fills up on hooch, deliberately steps on the gas and then calls the results an accident.

Model College Ad. By Anonymous

Henry Ford didn't know who Benedict Arnold was. Or what a mobile army is.

And he didn't know much about Porto Rico and ignorant idealists; but Henry Ford has a whole lot of millions of \$\$\$\$\$\$.

Now! know that Benedict was born in 1747 and he was an American general and he was a traitor and that a mobile army moves, and that Porto Rico is in the West Indies, and became American on July 17, 1898; but I have never seen a million \$\$\$\$\$\$. Now! I would like to know what-inhell is the use of a college education?

Yes, These
